

More Effort to Gain Return

Everybody eyes the U.S.

The Danareksa Government Bonds Yield Index (DGBI) declined from 6.22% to 6.10% in January, resulting in a total return of 1.28%. However, compared to its lowest point in January (5.96% on 16 January 2018), the DGBI rose by 18 bps in 2 weeks. This reflects a volatile period for global bonds (see Danareksa Weekly Report dated 6 February 2018: A Volatile Period). The 10-year US Treasury yield went up from 2.4% to 2.72% during the month, reaching its highest level since 2014. As a result, the spread between the UST and INDON 10 Y, or implied sovereign risk premium, narrowed in January 2018 (103bps on average vs. 121 bps in December 2017). This is in line with the low Indonesian CDS in January: 80bps on average. During this volatile period, investors were concerned by Fed movements (now with a new Governor, Jerome Powell) and U.S. Treasury financial market.

Mengamati pasar finansial Amerika Serikat

Danareksa Government Bonds Yield Index (DGBI) turun dari 6,22% menjadi 6,10% di bulan Januari, sehingga menghasilkan *return* sebesar 1,28%. Namun, dibandingkan titik terendah pada bulan Januari (5,96%) per 16 Januari 2018, DGBI naik 18 bps dalam 2 minggu. Hal ini disebabkan oleh volatilitas obligasi global (lihat Danareksa Weekly Report 6 Februari 2018: A Volatile Period). *Yield US Treasury* 10 tahun naik dari 2,4% menjadi 2,72% selama satu bulan, level tertinggi sejak 2014. Akibatnya, *spread* antara UST dan INDON 10 Y, atau *implied sovereign risk premium*, semakin mengecil (rata-rata 103 bps vs 121bps pada bulan Desember 2017) pada bulan Januari 2018. Hal ini juga sesuai dengan CDS 5 tahun Indonesia yang relatif rendah pada bulan Januari, yaitu secara rata-rata sebesar 80bps. Selama periode yang cukup volatil ini, investor cukup awas dengan pergerakan *the Fed* (saat ini dengan gubernur baru mereka, Jerome Powell) dan pergerakan pasar keuangan Amerika Serikat.

Bond issuances are an attractive way to raise funds

Indonesia has managed to keep GDP growth above 5% with relatively low inflation and a stable rupiah. In 2017, GDP growth was recorded at 5.07%, supported by brisker growth in the fourth quarter of 2017 (5.19%). The yearly inflation was 3.61% and the reference rate (BI 7DRR) was 4.25% at the end of 2017. In January 2018, BI kept its reference rate unchanged at 4.25%, projecting low 2018 inflation (3.5±1%). Up to the end of 2017, foreign holdings in Government bonds remained high. They were around 39% of the total and the proportion increased in the first month of 2018 to around 41%.

The low interest rates environment at the beginning of the year encouraged companies to issue debt instruments in January 2018. According to KSEI data as of 8 February 2018, corporate bonds issuance from the beginning of the year up to February 22, 2018, will reach IDR11.2 trillion. Issuances of Medium-Term Notes (MTN) reached IDR1.766 trillion in January 2018, up from IDR1.141 trillion in January 2017.

Sumber dana yang menarik

Dari sisi domestik, Indonesia mempertahankan pertumbuhan PDB di atas 5% pada tingkat inflasi yang relatif rendah. Pada 2017, pertumbuhan PDB tercatat sebesar 5,07%, berkat pesatnya pertumbuhan pada kuartal IV tahun 2017 (5,19%). Inflasi tahunan 3,61% dan tingkat suku bunga acuan (BI 7DRR) adalah 4,25% pada akhir 2017. Pada Januari 2018, BI mempertahankan suku bunga acuan sebesar 4,25%, dengan asumsi proyeksi inflasi tahun 2018 tetap rendah (3,5 ± 1%). Sampai akhir 2017, kepemilikan asing atas obligasi Pemerintah tetap tinggi, tercatat sekitar 39% secara proporsional, dan meningkat di bulan pertama 2018, mencapai 41%.

Tingkat suku bunga yang rendah di awal tahun menarik perusahaan untuk menerbitkan instrumen hutang pada bulan Januari 2018. Berdasarkan data KSEI per tanggal 8 Februari 2018, penerbitan obligasi korporasi dari awal tahun sampai dengan 22 Februari 2018 akan mencapai hingga Rp11,2 triliun. Penerbitan Medium Term Notes (MTN) tercatat sebesar Rp1,756 triliun pada Januari 2018, lebih tinggi dibandingkan penerbitan MTN di bulan Januari 2017 yang tercatat sebesar Rp1,141 triliun.

Please read important disclosure at the back of this report.

Govt bonds Issuance reached more than 10% in the first month of 2018

As of January 2018, The Government had collected IDR53.38 trillion or 12.88% from Government securities issuances (net). The full year target is IDR414.53 trillion. Overall, the total Government bond gross issuances reached IDR144.35 trillion consisting of IDR68.55 trillion of Government debt securities dominated in Rupiah, IDR54.17 trillion dominated in foreign currencies, and IDR21.63 trillion of domestic sovereign sharia securities. Based on the auction results in January 2018, the Government bonds supply was met with a strong demand for Government bonds.

Downward shift in the yield curve in January

According to Exhibit 1, the Government Bonds yield curve declined for all tenors, but mostly for short and medium tenors. This indicates the preference of investors for short tenors during a period of high volatility. On average, short tenors (1-3 years) dropped 11bps, medium tenors (4-7 years) declined by 14bps, while long tenors (more than 7 years) only declined by 8bps.

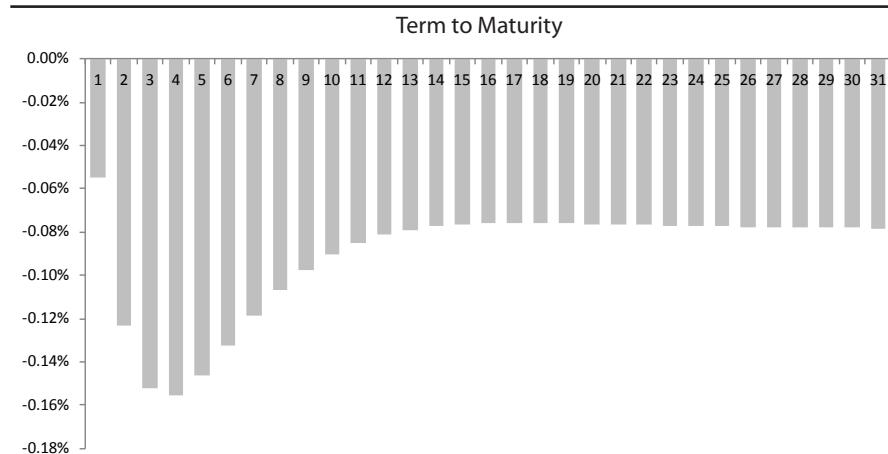

Penerbitan obligasi Pemerintah mencapai lebih dari 10% di bulan pertama 2018

Per Januari 2018, Pemerintah telah mendapatkan Rp53,38 triliun atau 12,88% dari penerbitan obligasi Pemerintah bersih di 2018 yang ditargetkan sebesar Rp414,53 triliun. Secara keseluruhan, total penerbitan obligasi Pemerintah gross adalah sebesar Rp144,35 triliun yang terdiri dari Rp68,55 triliun berdenominasi Rupiah, Rp54,17 triliun berdenominasi mata uang asing, dan Rp21,63 triliun surat berharga syariah domestik. Berdasarkan hasil lelang selama bulan Januari 2018, jumlah *supply* obligasi Pemerintah juga diikuti oleh jumlah permintaan untuk obligasi Pemerintah yang kuat.

***Yield curve* obligasi Pemerintah di bulan Januari shifted downwards**

Berdasarkan *Exhibit 1*, *yield curve* obligasi Pemerintah mengalami penurunan di semua tenor terutama di tenor jangka pendek dan menengah. Hal ini mengindikasikan preferensi investor untuk berinvestasi di obligasi jangka pendek selama periode dengan volatilitas tinggi. Secara rata-rata, obligasi jangka pendek (1-3 tahun) turun 11bps, menengah (4-7 tahun) turun 14bps, sedangkan jangka panjang (lebih dari 7 tahun) hanya turun 8bps.

Source: Bloomberg, Danareksa estimates

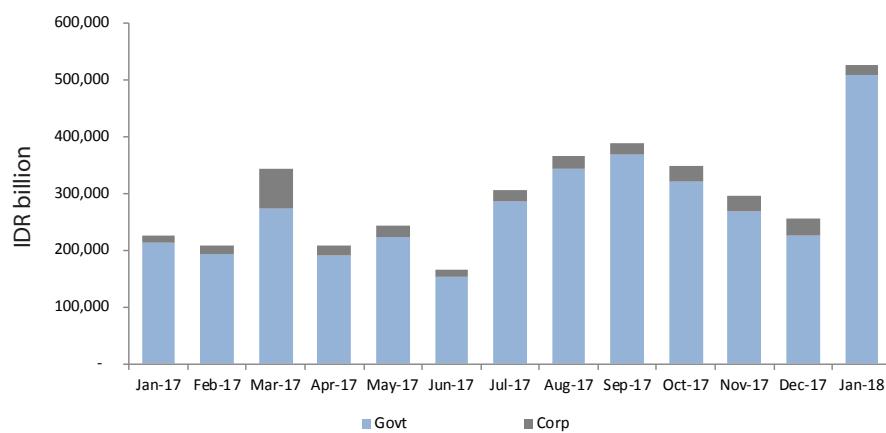

Trading in Govt bonds was very high in January 2018

Between Jan'17 and Jan'18, the monthly average trading in Government bonds is IDR274.55trillion, while for Corporate bonds the monthly average trading reached IDR24.06 trillion. In January 2018, trading in Government bonds reached IDR508.88 trillion, the highest since at least Jan'17 (see Exhibit 2). For Government bonds, the most traded bonds in January were FR0075 (IDR63.50 trillion), followed by FR0064 and FR0072 with trading of IDR52.70 trillion and IDR37.98 trillion, respectively. Meanwhile, the most traded Corporate bond in January was Global Mediacom Shelf Registration Bond I Phase I 2017 series A with trading of IDR1.1 trillion, followed by Panin Bank Shelf Registration Subdebt II Phase II 2017 with trading of IDR692 billion.

Volume transaksi yang besar pada obligasi Pemerintah di bulan Januari 2018

Di antara Jan'17 dan Jan'18, rata-rata volume transaksi untuk obligasi Pemerintah sebesar Rp274,55 triliun, sedangkan obligasi korporasi sebesar Rp24,06 triliun. Di bulan Januari 2018, transaksi obligasi Pemerintah mencapai Rp508,88 triliun, terbesar paling tidak sejak Jan'17 (lihat Exhibit 2). Untuk obligasi Pemerintah, volume terbesar yang ditransaksikan di bulan Januari adalah FR0075 dengan total transaksi sebesar Rp63,50 triliun, diikuti oleh FR0064 dan FR0072 dengan nilai masing-masing sebesar Rp52,70 triliun dan Rp37,98 triliun. Sedangkan obligasi korporasi yang paling sering ditransaksikan di bulan Januari adalah Obligasi Berkelanjutan I Global Mediacom Tahap I Tahun 2017 Seri A dengan transaksi yang mencapai Rp1,1 triliun, diikuti oleh Obligasi Subordinasi Berkelanjutan II Bank Panin Tahap II Tahun 2017 dengan nilai sebesar Rp692 miliar.

DISCLAIMER

The information contained in this report has been taken from sources which we deem reliable. However, none of P.T. Danareksa Sekuritas and/or its affiliated companies and/or their respective employees and/or agents makes any representation or warranty (express or implied) or accepts any responsibility or liability as to, or in relation to, the accuracy or completeness of the information and opinions contained in this report or as to any information contained in this report or any other such information or opinions remaining unchanged after the issue hereof.

This document does not constitute, nor is it calculated to invite, an offer or invitation to subscribe for or purchase any securities or financial instruments and neither this document nor anything contained herein shall form the basis for or be relied upon in connection with any contract or commitment whatsoever.

To the extent that any securities or financial instruments or issues are discussed in this report, please note that P.T. Danareksa Sekuritas and/or its affiliated companies and/or their respective employees and/or agents may from time to time make markets in such securities or financial instruments, hold share options, rights and/or warrants in respect thereof and may, as principal or agent, buy or sell such securities or financial instruments.

No action has been or will be taken in any country or jurisdiction that would permit a public offering of any investments referred to in this document, or possession or distribution of this document, or any other offering or publicity material relating to any company or investment mentioned in this document, in any country or jurisdiction where action for that purpose is required.

We have no responsibility to update this report in respect of events and circumstances occurring after the date of this report.

We expressly disclaim any responsibility or liability (express or implied) of P.T. Danareksa Sekuritas and/or its affiliated companies and/or their respective employees and/or agents whatsoever and howsoever arising (including, without limitation for any claims, proceedings, actions, suits, losses, expenses, damages or costs) which may be brought against or suffered by any person as a result of acting in reliance upon the whole or any part of the contents of this report and neither P.T. Danareksa Sekuritas and/or its affiliated companies and/or their respective employees and/or agents accepts liability for any errors, omissions or mis-statements, negligent or otherwise, in this report and any liability in respect of this report or any inaccuracy herein or omission herefrom which might otherwise arise is hereby expressly disclaimed.

Accordingly, none of P.T. Danareksa Sekuritas and/or its affiliated companies and/or their respective employees and/or agents shall be liable for any direct, indirect or consequential loss or damage suffered by any person as a result of relying on any statement or omission in any information contained in this report.

The information contained in this report is not to be taken as any recommendation made by P.T. Danareksa Sekuritas and/or its affiliated companies and/or their employees and/or agents to enter into any agreement with regard to any investment mentioned in this document. This report is prepared for general circulation. It does not have regard to the specific person who may receive this report. In considering any investment you should make your own independent assessment and seek your own professional financial and legal advice.

U.S. Distribution: This report is only intended for distribution in the United States to "major U.S. institutional investors" as defined by Rule 15a-6 under the Securities Exchange Act of 1934 and may not be reproduced, transmitted and/or distributed, directly or indirectly, to any other person in the United States.

Hong Kong Distribution: This document has not been registered as a prospectus with the Registrar of Companies in Hong Kong and may not be issued or passed on in Hong Kong to any persons other than to a person whose ordinary business is to buy and sell shares or debentures.

UK Distribution: This document has not been approved as an investment advertisement in the United Kingdom pursuant to Section 57 of the Financial Services Act 1986 and may not be issued or passed on in the United Kingdom except to a person who is of a kind described in Article 11(3) of the Financial Services Act 1986 (Investment Advertisements) (Exemption) Order 1996 or is a person to whom the document may otherwise lawfully be issued or passed on. At your request, this report is being provided to you as a potential investor who is a person of a kind described in Article 11(3) of the Financial Services Act 1986 (Investment Advertisement) (Exemption) Order 1995 despite our pointing out to you that this report should not be relied upon by you. Accordingly any degree of reliance placed on this report in your decision to make any investment will be at your own risk.

Japanese Distribution: This report is not intended to serve as a solicitation in connection with any offering or secondary distribution of securities under the Securities and Exchange Law, nor does it contain any 'investment judgment' under the Investments Advisory Business Law.
